NEW IRISES

In the

VAN WERT IRIS GARDENS

We know there are scores of Iris Enthusiasts in the country who would travel a hundred miles or more to see a garden of the newest Irises. To each one of these Enthusiasts we wish to submit this list of Irises which are growing in our Gardens and which we hope and believe will bloom this year.

Visitors who wish to see these varieties in bloom will be made welcome in our Gardens, and after the blooming season is over a very few roots of some varieties will be offered for sale.

The prices will be considerably higher than standard varieties can be purchased for, and we know that only real Iris Lovers will be interested in them.

However, we expect to publish a price list and description of them, and if you wish a copy of this booklet you may sign the enclosed card and your name will be placed upon our mailing list. We also
invite you to become a member of The American Iris Society, and we enclose an application for membership and hope you will use it.
